REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claimed invention including a hollow cooking chamber hinged to a firebox or grill with a light assembly housing an illumination source within the chamber and a compartment outside the chamber to house an illumination energy source is not found in the prior art either singly or in combination. The considered patentably distinct feature is found in each of independent claims 1, 8, 13, and 14. The closest prior art is considered Faraq (US 6,012,442) which disclose a lighted grill but not the light source within the chamber and the energy source outside the chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
